Biomatik has been proudly serving 10,000+ scientists since 2002. We primarily focused on Biochemicals, Enzymes, Gene Synthesis, and Peptide Synthesis services in the early years, but have since rapidly expanded our offerings to include ELISA Kits, Protein Production, and Antibody Production Services. Biomatik works closely with its partners at the R&D and production levels, along with 35+ distributors in the world.

To date, in addition to our catalog products, Biomatik has delivered 62,000+ custom made products to our researchers worldwide. Please view our customer testimonials, and over 2,500 well respected publications citing our fine products at Google Scholar. We sincerely invite you to join our list of satisfied customers worldwide.

**Products: 29,000+ ELISA Kits, 25,000+ Antibodies, 17,000+ Proteins, 280+ Biochemicals**  
**Services: Gene Synthesis, Peptide Synthesis, Protein & Antibody Production Services**

# \*\*\* Custom Services \*\*\*

Get what you want, how you want it!

## Gene synthesis

- 99% success rate. Any gene in any vector of your choice.
- 100% accuracy guarantee!

## Peptide synthesis

- 99% success rate.
- Wide variety of modifications. As low as \$3/aa.
- From crude to 99% of purity. From milligrams to 100+ grams.

## Protein expression and purification

- >95% success rate in E. coli system. No Protein, No Charge!
- Total customization: tag or tag-free, and endotoxin removal.
- One-stop service: from gene to protein, and antibody services.

## Antibody production

- ELISA/WB guaranteed antibody packages, starting from \$950.

# Gene Synthesis

Any Gene in Any Vector!

- 15+ years in gene synthesis service
- 100% sequence accuracy guarantee
- Highly competitive - start from \$0.15/bp
- Fast turnaround time: 2-3 weeks for normal genes under 2kb
- Free codon optimization upon request
- "No Gene, No Charge" policy, with over 99% success rate

For more information contact:  
[Gene@biomatik.com](mailto:Gene@biomatik.com)

# Peptide Synthesis

I would make a chemistry pun but it'd be easily miscible

- 12+ years in peptide synthesis
- From Milligrams to Kilograms, with a wide range of modification service
- High competitive - as low as \$3/AA or \$80/peptide
- Fast turnaround time: 2-3 weeks for purified peptides under 30aa
- "No Peptide, No Charge" policy with over 95% success rate

For more information contact:  
[Peptide@biomatik.com](mailto:Peptide@biomatik.com)

# Protein Expression & Purification

Carbs and Veggies just aren't enough!

- Risk-free E. coli guaranteed protein packages are available.  
No Protein, No Charge! Greater than 95% success rate in E. coli expression system.
- High competitive - as low as \$1805/package.
- Both tagged and tag free options available.
- Choose from 85%, 90% or 95% purity.
- Fast turnaround time: as fast as 4 weeks.

# Customer Testimonials

Don't take our word for it!

"Over the years, I have used several companies to synthesize peptides for my research. My experience with Biomatik has been top notch. Biomatik offers quality products at competitive prices. In fact, the latest peptide I ordered from them was about half the cost of several competitors. Their customer service personnel are competent and professional, making the process of ordering peptides quick and pain-free. I will continue to use Biomatik for all my peptide synthesis needs."

- Dr. Webb Dept. of Cell & Tissue Biology, University of California

"The different groups have all found your service very good and this is why another group has decided to go with your company ... highly recommended."

- Dr. Heilbronn College of Life Sciences, University of Dundee, UK

"Easy-to-obtain prompt quotes online, reasonable prices, very responsive service, and high quality peptides. I will continue to use Biomatik and recommend them to colleagues."

- Dr. Napper, Head High-Throughput Screening & Drug Discovery Lab, Nemours Center for Childhood Cancer Research

"I've been universally happy with your company."

- Dr. Koder Department of Physics, The City College of New York, USA
